Gender Action Plan

FP097: Productive Investment Initiative for Adaptation to Climate Change (CAMBio II)

Multiple Countries | CABEI | B.21/15

10 January 2019

Programme Structure

Component / Output	Action / Activities	Indicators and targets	Timeline	Responsibilities
Cross-cutting	Taking the Programme CAMBio as baseline and the Gender Assessment as a basis, an assessment of lacking gender aspects with the objective of ensuring that the information is homogeneous between countries, more complete and detailed.	Assessment completed	Assessment completed in month 3 from the Programme start date.	Environmental and Social Specialist from PMU (CABEI)
Component 1. Innovative	financial mechanisms for adaptation n	neasures		
Output 1.1 Credits for adaptation for MSMEs implemented.	Credits provided to women-led MSMEs.	Finance women-led MSMEs to enhance women access to credits for adaptation to climate change and to empower women access to financial services. • At least 33% of MSMEs led by women receive and implement credits for adaptation	At least 660 women-led MSMEs are financed in year 2.5 and at least 1,650 are financed in year 5.	Regular Officers and person in charge of Environmental and Social analysis from IFIs CABEI's Regular Officers, including PMU and IFIs Project Officers Environmental and Social Specialist from PMU (CABEI)

Component 2. Capacity building for the Development of Production Models Resilient to Climate Change					
Output 2.2 IFIs and MSMEs with enhanced capacities in adaptation strategies and organizational development	Activities	Enhance IFIs and MSMEs capacities in adaptation on climate change with gender perspective and empower women (of MSMEs) capacities in specific issues of adaptation on climate change and financial services			
	 Annual trainings in gender issues for IFIs - at least 1 per country per year 	- 35 trainings	•	One per year in each of the 7 countries, from year 1 to 5.	Environmental and Social Specialist and Capacity Building Officer from PMU (CABEI)
	 Ongoing formation on gender issues for MSMEs 	- 15 activities of ongoing formation, with specific resources to support women on the field At least 30% of women of MSMEs are supported and participate in programme activities during the five	•	3 activities per year, from year 1 to 5.	Environmental and Social Specialist and Capacity Building Officer from PMU (CABEI)
	 Workshops with women leaders and employees of MSMEs, on adaptation to climate change and financial services. 	- 10 workshops At least 80 women participate	•	2 per year in 2 different countries, from year 1 to 5.	Environmental and Social Specialist and Adaptation Specialist and Capacity Building Officer from PMU (CABEI)

Output 2.3 Visibility and dissemination of project activities and results	Activities Workshops for analyzing women and young people participation the ongoing processes with CABEI, IFIs and TASPs	Evaluate women and young people participation across the Programme, with all technical staff involved • 2 workshops	Year 3 and year 4 of the Programme implementation	Environmental and Social Specialist and Monitoring and Evaluation Specialist (CABEI)
	Study of insertion of women and young people in the processes, focused on financial services and gender perspective	Generate information about women's and Young people access to financial services for adaptation to climate change • 1 regional study	Year 3 of the Programme implementation	Environmental and Social Specialist and Monitoring and Evaluation Specialist (CABEI)
	• Identify and systematize lessons learned on working with women and access to credit for climate change	Make visible women's participation in the Programme, reporting on the effectiveness of the gender strategy • 1 systematized experience	Year 4 of the Programme implementation	Environmental and Social Specialist and Monitoring and Evaluation Specialist (CABEI)

Component 3. Incentive s	scheme to promote adaptation measure	es to be implemented by MSMEs (Adapt-Award)	I	T
Output 3.1. Incentives awarded	Higher amount of incentives provided to MSMEs led by women; higher amount of award provided to CMNFIs per project from MSME led by women. Women-led MSME receive 15% of credit awarded; men-led MSME receive 8% of credit awarded. CMNFI receives 5% of credit awarded per project by women-led MSME; receives 4% of credit awarded per project by men-led MSME.	Provide higher incentives MSME led by women. • At least 33% of women-led MSMEs receive Adapt-awards. The Programme aims to define women-led MSMEs as satisfying either of the following conditions: a) MSMEs with 51% or more ownership by women; or b) MSMEs with at least 30% women on the Board of Directors or in senior management positions; or c) At least 40% women employment.	Across the five years of the Programme implementation	Regular Officers and person in charge of Environmental and Social analysis from IFIs CABEI's Regular Officers, including PMU and IFIs Project Officers Environmental and Social Specialist from PMU (CABEI)
Component 4. Programm	ne management and M&E	<u> </u>		
Sub-component 4.2 Monitoring and Evaluation	Actions • Monitoring the process of participation of women and men, through the measurement of qualitative and quantitative variables and indicators.	 Annual gender reports with all the information for monitoring the process of participation of women and men. These will include the results of basic indicators Among case-studies, one of them will be on women empowerment and climate 	 Annual report from year 1 to 5 of the Programme implementation Year 3 of Programme implementation 	Environmental and Social Specialist and Monitoring and Evaluation Specialist (CABEI)
		 A gender section included in each annual report and in the mid-term evaluation, results evaluation and final report. 	 Annual reports from year 1 to 5 and mid-term evaluation in year 3.
